

Action Taken Report of the feedback as recorded by the Governing Council / Syndicate  
/ Board of Management

Based on the feedback forms collected from the stakeholders, the responses obtained are discussed with the respective authorities, which enabled them to redress the grievances, and the suggestions received are considered for the improvement of student society. The curriculum aspects, courses structure and infrastructure facilities are regularly updated drawing inferences and suggestions from different stakeholders such as students, parents, staffs, employers and alumni. Various department and committees reinforce the curriculum by incorporating updated information and social issues for holistic development. Feedback taken from staff, stakeholders and experts regarding industry trends is used to identify new demands of various industries. Feedback obtained from eminent subject experts is used for incorporating new areas in the curriculum/programme. The Principal and the Management reviewed the problems, received suggestions and took necessary steps to improve the overall quality of the college.
