MESSAGE

CORRESPONDENT

The uniqueness that parents seek to develop in their ward's character by enrolling them in our college is carefully nurtured through discipline at every level, and I extend my warm greetings to all responsible parents for considering our institution for their ward's education.

This website provides information about the educational system followed at our college. Parents entrust their wards to us with the belief that we will shape them into responsible and capable individuals. Although we have made significant progress, we still strive for continuous improvement. Our students are trained through seminars, workshops, guest lectures, and various activities to face both personal and professional challenges. We are committed to providing high-quality, learner-centered education that promotes unique values and aligns with modern educational principles.

Sakthi Thiru.A.A.Agathyan

EDITOR'S NOTE

Once again, it is with immense pleasure that I was given the opportunity to work on the Eighth edition of our college newsletter. I assure that this newsletter highlights the events, activities and academics and achievements of our college.

MESSAGE

PRINCIPAL

The college is aiming to prove itself as a substantial contributor by providing quality education and learning skills thereby enabling the students to become globally competent. We have plans in future years, to be able to offer a greater

Education is not just an act of acquiring knowledge but learning skills to lead life and forming one's personality. We will try and excel in every initiative that we undertake as we face the challenges in realizing quality education and to make every effort to be sensitive and understanding of individual needs, whether culturally or professionally. I feel happy when students perform well in their professional and social careers after attaining their academic understanding from our institution. We are very proud of our history and past achievement and proud to be say that ours is the first self financing college around those periods (1988) meeting the demands of academic and vocational expectations set by a vibrant and fluid society. We thank the parents who have entrusted their children to our care. We also thank our students and Professors for bringing their talents and enthusiasm to continue the tradition of thriving for their personal best as exemplified by those who lived in its history.
