## MESSAGE

### CORRESPONDENT

The uniqueness the parents wish to create in their ward's character by admitting them to our college will be nurtured through discipline which is emphasized at all levels. I extend my warm greetings to all the responsible parents for considering enrolment of their ward in our college.

This web store will provide sufficient information regarding the Educational System we provide in our college. The parents have entrusted their wards to us with the faith that we would transform them into good human beings. Though we have achieved our goals we have still miles to go. The students are trained through seminars, workshops, guest lecturers, and other activities to tackle the challenges posed at both their personal and career fronts. We provide an education which delivers unique values ensuring high quality education which is learners centered, as recommended by contemporary educationist.

**Sakthi Thiru.A.A.Agathyan**

## EDITOR'S NOTE

Once again, it is with immense pleasure that I was given the opportunity to work on the sixth edition of our college newsletter. I assure that this newsletter highlights the events, activities and academics and achievements of our college.

**Prof. M. Suresh**

## MESSAGE

### DIRECTOR

Our core objectives are to ensure that students have all the skills, knowledge and attributes that would be expected after 3 years of college life, so that their personal growth enables them to have the capacity to participate as responsible

and productive citizens of this wonderful country. With the current surge in both economy and population, India needs a cadre of professionals who can think logically to develop a modern advanced India. We are committed to provide the best possible facilities and environment to the students through a wide variety of courses. Our college aims to deliver not only standard education in state of the art facilities, but also an environment for holistic learning that will help groom students into smart and confident individuals.

**G.K.Sathishkumar**

## MESSAGE

### PRINCIPAL

The college is aiming to prove itself as a substantial contributor by providing quality education and learning skills thereby enabling the students to become globally competent. We have plans in future years, to be able to offer a greater choice of courses for our students.

Education is not just an act of acquiring knowledge but learning skills to lead life and forming one's personality. We will try and excel in every initiative that we undertake as we face the challenges in realizing quality education and to make every effort to be sensitive and understanding of individual needs, whether culturally or professionally. I feel happy when students perform well in their professional and social careers after attaining their academic understanding from our institution. We are very proud of our history and past achievement and proud to be say that ours is the first self financing college around those periods (1988) meeting the demands of academic and vocational expectations set by a vibrant and fluid society. We thank the parents who have entrusted their children to our care. We also thank our students and Professors for bringing their talents and enthusiasm to continue the tradition of striving for their personal best as exemplified by those who lived in its history.
