

FEED BACK ANALYSIS (2023-2024)

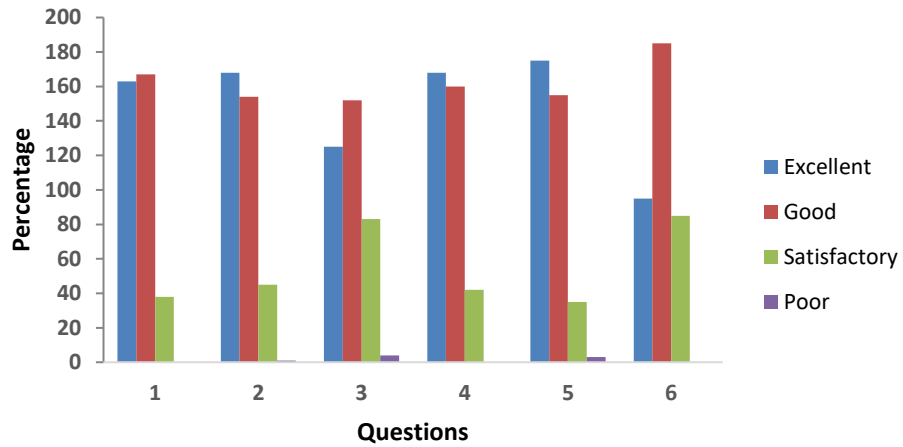

Stake holders play a vital role in the success and sustainability of our college. Adhiparasakthi College of Arts and Science has made it a tradition to mandatorily collect feedback from students, alumni, parents, and teachers in each session through structured feedback forms. The task is completed via Feedback Committee. During the session, the committee distributes and collects the filled feedback forms and submits it to IQAC. Then, IQAC analyses and interprets the data and strives for taking further actions as per feedback report. This system comprises several aspects such as curriculum, teaching- learning-evaluation resources, research and extension activities, infrastructure facilities, student support, student progression and healthy practices, about which the feedback are collected from the stakeholders. Feedback form considers not only these aspects, but it also includes several parameters such as skill development and add on courses suitable for industry, laboratory facilities and the welfare of the students.

The results are given below

STUDENT	Percentage of responses are given in percentage			
	Excellent %	Good %	Satisfaction %	Poor %
Students - Curriculum aspects	41	44	15	0
Students -Teaching, learning and evaluation	36	44	19	1
Students - Research and extensions	39	39	17	5
Students - Infrastructure and facilities	41	35	20	4
Student support	39	40	20	1
Student progression	35	46	18	1
Students - Healthy practices	38	38	21	3
ALUMINI	44	41	14	1
STAFF	39	44	13	4
EMPLOYER	40	47	13	0

By integrating the final conclusion and suggestions from the analysis of feedback from stakeholders (students, alumni, staff, and employers) of the college, key areas of consideration are extracted. These areas are discussed with the Principal by the IQAC coordinator. Feedback obtained from eminent subject experts is used for incorporating new areas in the curriculum/programme. The curriculum aspects, courses structure and infrastructure facilities are regularly updated drawing inferences and suggestions. Various department and committees reinforce the curriculum by incorporating updated information and social issues for holistic development. Feedback taken from staff, stakeholders and experts regarding industry trends is used to identify new demands of various industries. The principal and the management reviewed the problems and the received suggestions and took necessary steps to improve the overall quality of the college.
