

FEEDBACK ANALYSIS (2018-2021)

In Adhiparasakthi College of Arts and Science, a standardized and well structured feedback system has been adopted and followed. This system comprises several aspects such as curriculum, teaching-learning-evaluation resources, research and extension activities, infrastructure facilities, student support, student progression and healthy practices, about which the feedback are collected from the stakeholders of the college such as students, parents, staff, employers and alumni. Feedback form considers not only these aspects, but it also includes several parameters such as skill development and add-on courses suitable for industry, laboratory facilities and the welfare of the students.

Based on the feedback forms collected from the stakeholders, the responses obtained are discussed with the respective authorities, which enabled them to redress the grievances, and the suggestions received are considered for the improvement of student society. The curriculum aspects, courses structure and infrastructure facilities are regularly updated drawing inferences and suggestions from different stakeholders such as students, parents, staffs, employers and alumni. Various department and committees reinforce the curriculum by incorporating updated information and social issues for holistic development. Feedback taken from staff, stakeholders and experts regarding industry trends is used to identify new demands

of various industries. Feedback obtained from eminent subject experts is used for incorporating new areas in the curriculum/programme. The Principal and the Management reviewed the problems, received suggestions and took necessary steps to improve the overall quality of the college.
